

Why Join?

The professional society...

VMGA is the professional society of VCE-Master Gardener volunteers. Just as some join a professional society associated with a career field, Master Gardeners join VMGA. VMGA shares the mission of professional societies - continuing education, networking and communication.

The voice of Master Gardeners...

VMGA is the voice of Virginia Master Gardeners as the statewide association. Through meetings with VCE and VT leadership, the web site and newsletter, you are kept abreast of news and issues. These vehicles also provide information from other units which will enable you to improve the efforts in your local unit and to enhance your experience as a volunteer.

Because VMGA needs you...

VMGA needs your support. Our voice will be stronger with you as a member.

The History

Ten years after the first Virginia Cooperative Extension (VCE) Master Gardeners were trained in 1978 the need for an organization to conduct statewide activities was recognized. In 1985, the Extension Specialist, Extension agents and Master Gardener volunteers worked together to create the Virginia Master Gardener Association, Inc. (VMGA). Since 1990, VMGA has been meeting statewide needs of education, communication and networking.

Through the years, VMGA has lent special support to the VCE Master Gardener effort. VMGA published Tech, a state-wide VCE-MG newsletter for a while. When budget issues required it in the early 1990s, VMGA assisted groups with forming local associations which could assume responsibilities for training and management of VCE-MGs. VMGA has led several efforts to inform legislators of the impacts and budget needs of VCE.

In return, VCE and VT leadership have responded to requests from VMGA on behalf of all VCE-MGs. An Extension Specialist with responsibility for VCE-MGs, a state MG Coordinator, Master Gardener College, nametags with the title of Master Gardener Volunteer, +discounted *Pest Management Guides*, and continued interest in our ideas and needs are just some of the support VCE-MGs enjoy from VCE and VT.
